IF YOU HAVE

Something good to tell, there is no need to delude the unwary into reading an apparently interesting story, which proves to be a prelude to an advertisement. The startling story and the thrilling "testimonial" do not add to the merit of the article advertised. If your wood-finishes are troubled with

OFFENDING ODORS, MURKY COMPLEXION, SICKLY PALLOR, POOR ADHESION, IRRITATION FROM IMPURITIES AND UNHEALTHFUL CHEMICALS,

or other such ailments which arise from a disordered wood-finish imperfectly doing its work, you need not experiment with the many remedies so plausibly put before you — always use

SHELLAC FLAKES

and you have a reliable wood finish, proved by thousands of crafts-persons to be unequalled for dispelling disorders of finish and polish. It is not necessary to bring BT&C SHELLAC before your notice surreptitiously, as it is openly recommended by those who have found that BT&C SHELLAC will do all that is claimed for it.

Sold Everywhere in Resealable OXYGEN BARRIER BAGS to ensure quality, freshness, and satisfaction. Choose from an array of colours. 1lb. quantities shipped to your door.

This man is not going to kill anyone, but he is indignant because he is requested to take something else instead of that unrivaled publication CARPENTRY & JOINERY ILLUSTRATED
